Independent Auditors' Report

Mayor and City Council City of Council Grove, Kansas

I have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Council Grove, Kansas, a municipal financial reporting entity, as of and for the year ended December 31, 2019 and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal controls relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

My responsibility is to express an opinion on the financial statement based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City of Council Grove, Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United State of America.

The effects on the financial statement of variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In my opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Council Grove, Kansas, as of December 31, 2019, or the changes in financial position and cash flows for the year then ended.

#### Basis for Qualified Opinion on the Regulatory Basis of Accounting

The City entered into an arrangement with Morris County that allowed the individual lake leaseholders to pay the City's property taxes on the City lake property directly to the County. The City did not reflect the receipt of these taxes nor the expenditures of these amounts in this financial statement. The effects on the financial statement of this variance has not been determined but is presumed to be material.

#### **Qualified Opinion on Regulatory Basis of Accounting**

Cendy Jewsen CPA

In my opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on the Regulatory Basis of Accounting" paragraph, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Council Grove, Kansas, as of December 31, 2019, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

#### Other Matters - Supplementary Information

My audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and disbursements-agency funds, and the schedule of regulatory basis receipts and expenditures-actual-related municipal entity (Schedules 1,2, 3 and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement but are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Cindy Jensen, CPA August 18, 2020

## Summary Statement of Receipts, Expenditures, and Unencumbered Cash Regulatory Basis For the Year Ended December 31, 2019

#### Notes to the Financial Statement December 31, 2019

Note 1 – Summary of Significant Accounting Principles

#### Financial Reporting Entity

The City of Council Grove, Kansas (the City) is a governmental entity governed by an elected six-member council and mayor. The City's major operations include public safety (police and fire), streets, sanitation, water, recreation, public improvements, planning and zoning, and general administrative services. The City also operates three business type activities: a water system, a sewer system, and a solid waste collection system (contracted).

This financial statement presents the City of Council Grove (the municipality) and the Council Grove Public Building Commission (PBC). The PBC is a related municipal entity of the City and was organized in June 2012 pursuant to K.S.A 12-1757 et seq. as amended. The Public Building Commission Board is comprised of the City council and mayor.

#### Regulatory Basis Fund Types

The accounts of the City are organized and operated on the basis of funds, which are used to record the City's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, or limitations including State Statutes and City Ordinances. The following types of funds comprise the financial activities of the City.

General Fund (the chief operating fund) - used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – a fund financed in whole or in part, by fees charged to users of the goods or services (enterprise and internal service fund, etc.).

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – used to report assets held by the municipal reporting entity in a purely custodial capacity.

#### Notes to the Financial Statement December 31, 2019

Note 1 – Summary of Significant Accounting Policies (Cont.)

#### Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures of the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables or any other assets, liabilities or deferred inflows, other than those mentioned above.

The City has approved a resolution that is in compliance-with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

#### Use of Estimates

The preparation of the financial statement in conformity with the regulatory basis of accounting requires management to make estimates and assumptions that affect the reported amounts of cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures at the date of the financial statement. Accordingly, actual results could differ from those estimates.

#### **Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held, and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess-of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which regulatory receipts are recognized when cash is received, and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

# Notes to the Financial Statement December 31, 2019

Note 1 – Summary of Significant Accounting Policies (Cont.)

#### **Budgetary Information (Cont)**

A legal operating budget is not required for capital project funds, trust funds, and certain other special purpose funds as noted in the presentation of the appropriate Schedule 2.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by use of internal spending limits established by the governing body.

Note 2 – Stewardship, Compliance and Accountability

#### Compliance with Finance Related Legal and Contractual Provisions

References made herein to the statutes are not intended as interpretations of law but are offered for consideration of the Director of Accounts and Reports and legal representatives of the municipality.

K.S.A. 12-1608 requires the City treasurer to publish a quarterly financial statement. All of the required publications were not made.

K.S.A. 79-2935 requires that expenditures be controlled such that no indebtedness is created in excess of budgeted limits. The City exceeded its budgeted authority in the .7% Sales tax, 1% Sales tax, Special Recreation, and Solid Waste funds.

Management is not aware of any noncompliance with Kansas statutes.

#### Note 3 – Deposits and Investments

K.S.A. 9-1401 established the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

#### Concentration of Credit Risk

State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. Deposits were legally secured at December 31, 2019.

#### Notes to the Financial Statement December 31, 2019

#### Note 3 – Deposits and Investments (Cont)

At year-end, the carrying amount of the City's deposits was \$4,791,628 and the bank balance was \$5,051,820. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, \$500,000 was covered by federal depository insurance and \$4,551,820 was collateralized with securities held by the pledging financial institutions' agents in the City's name. The City held no investments at December 31, 2019.

#### Note 4 - Property Taxes

The City certifies its' budget to the county clerk annually. Using this certified budget and those of other political subdivisions within the county, the county clerk spreads the annual assessment onto the tax rolls and levies property tax on November 1 of each year. The property tax is payable in two installments. The first installment is due December 20 of the same year, and the second installment is due May 10 of the subsequent year. The county treasurer collects and distributes the property taxes. In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the following years operations.

#### Note 5 - Defined Benefit Pension Plan

#### Plan Description

The City of Council Grove, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which may be found on the website at <a href="https://www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 S Kansas, Suite 100, Topeka, Ks. 66603) or by calling 1-888-275-5737.

#### Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is KPERS 1, KPERS 2, or a KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rate for KPERS 1, KPERS 2, and KPERS 3 to be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not Including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.89% for the fiscal year ended December 31, 2019. Contributions to the pension plan from the City of Council Grove were \$87,987 for the year ended December 31, 2019.

#### **Net Pension Liability**

At December 31, 2019, the City's proportionate share of the collective net pension liability reported by KPERS was \$707,252. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

#### Notes to the Financial Statement December 31, 2019

#### Note 5 – Defined Benefit Pension Plan (Cont)

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at <a href="https://www.kpers.org">www.kpers.org</a> or can be obtained as described above.

#### Note 6 – Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all city employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until employment termination, retirement, death, or unforeseeable emergency. Plan assets are transferred to a plan agent in a custodial trust.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts shall be held in trust for the exclusive benefit of participants and their beneficiaries. All such amounts shall not be subject to the claims of the employer's general creditors.

#### Note 7 – Other Long-Term Obligations from Operations

#### Compensated Absences

The City's policy regarding vacation and sick leave permit employees to accumulate a maximum of 6.16 hours of vacation pay and 3.69 hours of sick pay per pay period. No more than five days of vacation pay may be carried forward to the next anniversary year. Sick pay compensation at retirement is restricted to a maximum of thirty days and only if the employee worked at least ten years and is at least 55 years old. All accumulated vacation pay is payable upon employment termination. A maximum of seventy-five days of sick pay may be accumulated. Unused sick pay is forfeited upon employment termination other than retirement. Compensated absence payments are made from the fund that corresponds to the employee's duties.

#### Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the City under this program.

#### Death & Disability Other Post Employment Benefits

As provided by K.S. A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2019.

#### Note 8 - Long-Term Debt

#### General Obligation Bonds

General obligation bonds, payable from future property tax revenues and special assessments, are serial bonds to be retired through calendar year 2025. At December 31, 2019, the bonds consisted of the following:

# Notes to the Financial Statement December 31, 2019

Note 8 – Long-Term Debt (Cont)

On February 20, 2013, the City's KDHE loan for water system improvements was refinanced with general obligation bonds. These Series 2013 bonds carry interest rates between .4% and 2.75%. Semi-annual interest payments began August 1, 2013. The bonds mature annually starting August 1, 2013 with the last bond maturing on August 1, 2025. These bonds were paid off in 2020 with the issuance of 2020 Series bonds.

On April 28, 2020, the City refinanced its existing water general obligation and revenue bonds with Series 2020 water general obligation bonds. These Series 2020 bonds carry interest rates between 1.7% and 2.6%. Semi-annual interest payments are scheduled to begin January 1, 2021. The bonds mature annually starting July 1, 2021 with the last bond maturing on July 1, 2033.

#### Revenue Bonds

On December 12, 2012, the City issued 2012 Series bonds in the amount of \$885,000 for the purpose of making improvements to its water utility system. These Series 2012 bonds carry interest rates between .75% to 3.75%. The bonds mature annually starting July 1, 2014 with the last bond maturing July 1, 2033. A local sales tax issue was approved by the citizens allowing for the payment of these bonds and various other uses. These bonds were paid off in 2020 with the issuance of 2020 Series bonds.

#### **KDOT Loan**

The City entered into a loan agreement with the Kansas Department of Transportation as of May 12, 2008 for a curb and gutter project on Washington Street. The loan was for 703,261 and carries an interest rate of 3.99%. The City has dedicated sales tax proceeds from the 1% sales tax to finance the repayment, or in absence of sales tax revenues, they agree to levy tax sufficient for repayment. Interest payments are scheduled semi-annually, and principal payments are scheduled annually.

#### KDHE loan

In 2011, The City completed a project to improve the existing sewage system. The total project cost as \$509,600 and was financed with a loan from the Kansas Department of Health and Environment (KDHE). It carries an interest rate of 2.55%. The loan was funded partially with FFY 2010 federal funds and received principal forgiveness of \$76,440 in 2011 upon completion. One semi-annual payment of \$16,343 was scheduled on March 1, 2012 and thirty-nine semi-annual of \$13,825 beginning on September 1, 2012 were scheduled. The final payment is scheduled to be made on September 1, 2031. Payments on this loan are to be made from revenues of the sewer fund.

#### Lease Agreements

The City entered into a lease agreement with Farmers & Drovers Bank for the purchase of a fire truck on February 9, 2015. Monthly payments of \$2,147 are scheduled for twelve years with a final payment of \$100. The City made the first payment in February 2015. The lease terminates in any budgeted year in which insufficient appropriated funds exist to meet the lease obligation, and the City must return the leased equipment to the lessor. Payments on this lease were made from the general fund.

The City entered into a lease agreement with Morris County, Kansas for storm siren upgrades on October 14, 2015. Annual payments of \$8,082 are scheduled for three years. The City made the first payment in February 2017. The lease terminates in any budgeted year in which insufficient appropriated funds exist to meet the lease obligation. Payments on this lease were made from the general fund.

The City entered into a lease agreement with Farmers & Drovers Bank for the purchase of a skid steer during 2017. A down payment of \$25,000 was made and annual payments of \$2,973 are scheduled for ten years with a final payment of \$100 in 2027. The lease terminates in any budgeted year in which insufficient appropriated funds exist to meet the lease obligation,

Note 8 – Long-Term Debt (Cont)

and the City must return the leased equipment to the lessor. Payments on this lease were made from the equipment reserve fund.

The City entered into a lease agreement with Farmers & Drovers Bank for the purchase of a street sweeper during 2017. A down payment of \$50,000 was made and annual payments of \$29,089 are scheduled for six years with a final payment of \$100 in 2023. The lease terminates in any budgeted year in which insufficient appropriated funds exist to meet the lease obligation, and the City must return the leased equipment to the lessor. Payments on this lease were made from the equipment reserve fund.

Changes in long-term liabilities for the year ended December 31, 2019 were as follows:

#### Notes to the Financial Statement December 31, 2019

#### Note 9 – Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has been unable to obtain workmen's compensation at a cost it considered to be economically justifiable. For this reason, the City joined together with other cities in the state to participate in the Kansas Municipal Insurance Trust (KMIT), a public risk pool currently operating as a common risk management and insurance program for its participating members. The City pays an annual premium to KMIT for its worker's compensation insurance coverage. The City, along with other participating entities, contributes annual amounts as determined by KMIT management and underwriters. The agreement to participate provides that the KMIT will be self-sustaining through member premiums and currently holds \$3,000,000 of excess insurance with a specific retention of \$750,000. A member is only responsible for additional contributions to the KMIT trust which relate to claims arising out of occurrences in years in which the City is a member of the trust. As claims arise, they are submitted to and paid by KMIT.

The City continues to carry commercial insurance for other risks of loss including property and liability insurance. There were no significant reductions insurance coverage from coverage in prior years.

The City participates in Federal and State programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the City may be required to reimburse the grantor government. Any disallowed claim resulting from such audit could become a liability of the City. However, in the opinion of management, any such disallowed claim would not have a material effect on the financial statements of the City at December 31, 2019

#### Note 10 – Utility Deposits

The City requires utility deposits for city water services. Deposits are kept indefinitely until service is disconnected. Interest is paid annually and is credited to the individual's account. Refunds of deposit and interest are the from the water fund.

#### Note 11 – Contingencies

The City is party to various claims, none of which is expected to have a material financial impact to the City.

#### Note 12 – Public Building Commission

The City created the Council Grove Public Building Commission (PBC) under K.S.A. 12-1757 during 2012 for the purpose of issuing debt for constructing and equipping a swimming pool. The City council and mayor comprise the PBC board. In 2012, bonds were issued by the PBC in the amount of \$3.135.000.

The City entered into a lease with the PBC to lease land to the PBC. The PBC issued bonds for the swimming pool project and subsequently leased the project to the City. Forty semi-annual payments were scheduled beginning December 1, 2013. The 2012 bonds carried interest rates of .5% to 3.75% depending on the bond maturity date. In June 2019, the City refunded the 2012 bonds by issuing 2019 Series bonds in the amount of \$2,465,000. Twenty-eight semi-annual payments were scheduled beginning December 1, 2019. The 2019 bonds carry interest rates of 1.8% to 3.25% depending on the bond maturity date.
